iRobot®

OUR PROMISE

Just press CLEAN

We design our floor cleaning robots to help make maintaining a cleaner home simple and hassle-free.

Knows the best way to clean

Our robots navigate your home to clean efficiently and systematically.

Incredibly simple to use

Just press the CLEAN button and the robot knows what to do.

Optimised cleaning performance

Cutting-edge technologies power our robots to vacuum and mop your floors.

BETTER TOGETHER

Meet our suite of floor cleaning robots

Life can get messy. And so can your floors. The iRobot suite of floor cleaning robots help you tackle daily dirt and grime without the hassle.

Every robot we build is created with a person—and a purpose—in mind. Whether it's vacuuming or mopping your floors, you've found a partner to help maintain a cleaner home.

iRobot® Roomba® Vacuuming Robot

iRobot® Roomba® 600 series

A thorough clean, every day

The Roomba® 600 Series vacuuming robot provides a hassle-free cleaning experience from beginning to end. The 3-Stage Cleaning System agitates, brushes, and suctions your floor for a complete clean.

SMART

Full suite of sensors enable Roomba® to seamlessly navigate under furniture and around clutter.

SIMPLE

Just press CLEAN and Roomba® goes to work.

CLEAN

3-Stage Cleaning System thoroughly cleans floors.

iRobot® Roomba® 800 series

A deeper, multi-room clean, virtually maintenance-free

Looking for more cleaning performance? The Roomba 800® Series provides 5X more power than previous Roomba® models*. Better yet, the Tangle-free Debris Extractors eliminate tangled hair, making Roomba® 800 virtually maintenance-free.

SMART

Self-navigates from room to room.

SIMPLE

Tangle-free Debris Extractors prevent the tangles and jams of hair and other debris.

CLEAN

AeroForce™ 3-Stage Cleaning Technology delivers 50% better cleaning performance than previous models.*

*Compared to Roomba® 600 and 700 series AeroVac™ systems.

iRobot® Roomba® 900 series

The power to change the way you clean

It's our most powerful Roomba yet. The Roomba® 900 series provides up to 10x the air power* by automatically increasing the performance on carpet and rugs, places where dust and dirt hide.

SMART

Seamlessly navigates to clean an entire level of your home.

SIMPLE

Customise cleaning preferences and connect to clean from anywhere with the iRobot HOME App.

CLEAN

Automatically increases power on carpets where it's needed most.

*Compared to Roomba® 600 and 700 series AeroVac™ systems.

iRobot® Mopping Robots

A fresher way to mop floors

Our wet floor care robots make hard floor
cleaning easy

Whether it's stuck-on mess or stains like coffee or
salad dressing, our wet floorcare robots are up to the
task of keeping your floors clean.

The Braava® 300 Series Mopping Robot is designed
to mop multiple rooms and large spaces.

iRobot® Braava®

Braava® uses dry or damp cloths to keep dust, dirt,
and smudges under control.

Designed for hard floors | Dust, light dirt, and grime

iRobot® Braava® 300 series

The mopping robot for an everyday, hassle-free clean

The Braava® 300 Series uses dry or damp cloths to mop hard floors for you, keeping dust, daily dirt and smudges under control. Great for large rooms.

SMART

Navigates multiple rooms and large spaces with ease.*

SIMPLE

Just attach a cleaning cloth and press MOP or SWEEP.

CLEAN

Braava's triple-pass mopping action and damp cleaning cloths power through tough dirt and grime.

*Additional NorthStar Cubes may be required.
