Roomba[®]

Clean Base™ Automatic Dirt Disposal

For Roomba[®] i Series Robot Vacuums

Owner's Guide

Safety Information

Important Safety Information

This owner's guide includes information for Regulatory Model(s): ADE-N2.

SAVE THESE INSTRUCTIONS

 **WARNING:** When using an electrical appliance, basic precautions should always be followed, including the following:

BEFORE USING THIS APPLIANCE, READ ALL APPLICABLE INSTRUCTIONS. FOR HOUSEHOLD USE ONLY.

 **WARNING:** To reduce the risk of injury or damage, read and follow the safety precautions when setting up, using, and maintaining your robot.

This appliance can be used by children aged 8 years and above and persons with reduced physical, sensory, or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children must not play with the appliance. Cleaning and user maintenance must not be carried out by children without supervision.

 This is the safety alert symbol. It is used to alert you to potential physical injury hazards. Obey all safety messages that follow this symbol to avoid possible injury or death.

 Risk of electric shock

 Risk of fire

 For indoor use only

 Rated power input, d.c.

 Rated power input, a.c.

 Keep out of reach of children

 Separate Supply Unit

WARNING: Indicates a hazardous situation that, if not avoided, could result in death or serious injury.

CAUTION: Indicates a hazardous situation that, if not avoided, could result in minor or moderate injury.

NOTICE: Indicates a hazardous situation that, if not avoided, could result in property damage.

GENERAL

WARNING

- This product is not a toy. Small children and pets should be supervised when the product is operating.
- Do not sit or stand on this product.
- This product comes with a region approved power supply cord and is designed to be plugged into a standard household AC power outlet only. Do not use any other power supply cord. For replacement cords, please contact Customer Care to ensure proper selection of country specific power supply cord.
- Do not disassemble or open the dirt disposal unless instructed to do so. There are no user serviceable parts inside. Refer servicing to qualified service personnel.
- Risk of electric shock, use indoors in dry location only.
- Do not handle this product with wet hands.
- Store and operate this product in room temperature environments only.

AUTOMATIC DIRT DISPOSAL

WARNING

- To reduce the risk of electric shock, unplug your dirt disposal before cleaning.
- Do not pour any liquids into the device and do not immerse in water.
- Do not use outdoors or on wet surfaces.

- Do not allow to be used as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual.
- Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service centre.
- Do not handle plug or appliance with wet hands.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce air flow.
- In order to avoid a hazard due to inadvertent resetting of the thermal cut-out, this appliance must not be supplied through an external switching device, such as a timer, or connected to a circuit that is regularly switched on and off by the utility.
- Keep the Automatic Dirt Disposal and power cord away from heated surfaces.

NOTICE

- Product may not be used with any type of power converter. Use of power converters will immediately void the warranty.
- If you live in an area prone to electrical storms, it is recommended that you use additional surge protection. Your dirt disposal may be protected with a surge protector in the event of severe electrical storms.
- Do not use without dust bag and/or filters in place.
- To properly maintain your dirt disposal, do not place foreign objects inside, and ensure it is clear of debris.
- Always disconnect your robot from the dirt disposal before cleaning or maintaining it.
- This product can only charge iRobot Li-ion batteries (Regulatory Model: ABL-D1, battery parameters: 14.4 Vd.c. 1800mAh). Do not use non-rechargeable batteries. If a replacement is needed, purchase an identical iRobot battery or contact iRobot Customer Care for alternative battery options.

Using Your Automatic Dirt Disposal

Positioning the Clean Base™ Automatic Dirt Disposal

⚠ WARNING: To prevent the risk of your robot falling downstairs, ensure that the charging station is placed at least 4 feet (1.2 metres) away from stairs.

About Your Automatic Dirt Disposal

While cleaning, your robot will automatically return to the dirt disposal to empty its bin and recharge as needed.

The dirt disposal's LED indicator will turn solid red when a new bag is needed. If a clog is detected, the dirt disposal will trigger additional attempts to automatically clear the clog.

Note: If you place your robot on the dirt disposal by hand, it will not empty automatically. In this case, use the iRobot HOME App or the button on your robot to manually empty your robot's bin.

Care and Maintenance

Care and Maintenance Instructions

To keep your dirt disposal running at peak performance, follow these care procedures:

Dock Part	Care Frequency	Replacement frequency
Bags	-	Bags should be replaced when prompted by the LED indicator/app
Charging Contacts IR Window	Once every month	-
Blower Cover inside canister	Once every month (remove debris from blower cover)	-

Note: iRobot manufactures various replacement parts and assemblies. If you think you need a replacement part, please contact iRobot Customer Care for more information.

Replacing the Bag

1 Lift up the canister lid to open.

2 Pull up on the plastic card to remove the bag from the canister.

Note: This will seal the bag so dust and debris cannot escape.

3 Discard the used bag.

4 Install a new bag, sliding the plastic card into the guide rails.

5 Press down on the lid, making sure it is completely closed.

Note: To achieve optimal performance with your robot and automatic dirt disposal, clean and/or replace your robot's filter as needed.

Cleaning the IR Window and Charging Contacts

Inspect the sensors and charging contacts to make sure they are clear of debris. Wipe with a clean, dry cloth.

Note: Do not spray cleaning solution directly onto sensors or into sensor openings.

Removing Debris from Blower Cover

Inspect blower cover for any lint or debris built up, and wipe with a clean, dry cloth to remove.

Troubleshooting

Your dirt disposal will tell you if something is wrong via an LED indicator on the front of the canister and through the iRobot HOME App.

LED Indicator	Common Error	How to Fix
Solid Red	Bag full or missing	<ol style="list-style-type: none">1. Replace the bag if it is full or missing.2. Make sure the bag is securely inserted.3. If the problem persists, remove any debris from the port on the bottom of your robot and the dirt disposal.
Blinking Red	There is a leak or a clog in the dock evacuation path	<ol style="list-style-type: none">1. Make sure the canister lid is pushed down and firmly sealed. Tap the  button on your robot to manually empty the bin.2. Remove any debris from the port on the bottom of your robot and dirt disposal.3. Unplug the dirt disposal from the wall. Place it on its side and inspect the debris evacuation tube for debris. If necessary, remove the tube to clear any debris.

This product has been equipped with a thermal protector designed to protect against damage due to overheating. If the protector operates, the motor will stop running. If this happens, unplug the unit, allow it to cool for 30 minutes, clear any obstructions from the evacuation port and evacuation tube, then plug the unit back in.

iRobot Customer Care

USA & Canada

If you have questions or comments about your dirt disposal, please contact iRobot before contacting a retailer.
